

QUALITY PRECAST C O M P A N Y

To whom it may Concern,

Florida Terrazzo Inc. has been doing business with Quality Precast Co. for over 10 years. Quality Precast Co. is a Tampa based company with offices in Orlando and Lake Helen supplying concrete lintels and sills along with many other masonry related products. The orders from Florida Terrazzo are professionally prepared and given to us with ample time for delivery. Customers that we have referred them to have always been completely satisfied with the quality and craftsmanship of their work. Quality Precast holds this company with such high regard that they are one of only a handful of accounts that we do not NTO business. Invoices are received and processed for payment in a timely manner.

I would strongly recommend that you take a serious look at what Florida Terrazzo has to offer, in this very rough economy that we all are facing they can bring a strong customer service, competitive pricing and a quality product to the table.

Sincerely:

C. Preston Sparkman
Vice President of Sales
